Connecting to eduroam using eduroam CAT (Configuration Assistant Tool) for Mac IOS

Ts guide explains how to connect to the eduroam using the eduroam CAT (Configuration Assistant Tool).

- Staff
- Students
- Before you start... You need your ecom username (staf) or matric-id (student) & password

• An internet connection

Instruction:

1 - After connecting to the UI-Guest network, visit https://cat.eduroam.org/ and click on Click here to download your eduroam installer

4 - Click Keep on the pop up warning asking if you want to keep the eduroam mobile configuration

5 - Navigate to your downloads folder where you will find the eduroam configuration profile. Double click on the file to start installing it.
